PROFESSIONAL EXPERIENCE

Société Générale Chicago, IL
Corporate and Investment Banking
Programming Analyst (promoted to Associate, effective December 2026) *July 2024 – Present*

- Spearheaded the development of an in-house tool that saves money for the bank's hedge fund and trading-firm clients by reducing the cash they hold against trades, replacing an outside vendor and cutting firm costs by $500,000 a year.
- Led the firm's AI adoption committee as its first cross-functional leader, setting adoption standards for 100+ developers across the Americas and personally training 20+ engineers on the tools now in use.
- Aligned client-reporting teams in Asia, the Americas, and Europe behind one shared data validation platform, replacing three separate manual processes with a single standard across three time zones.
- Led the retirement of a legacy prime brokerage reporting system by securing agreements from teams across the business to decommission 3,000+ outdated reports, then developed the modern platform that replaced it.
- Secured buy-in from the bank's trading data owners to launch real-time feeds, so client and trading-desk reports update throughout the day instead of overnight.
- Organized events and fireside chats with senior members of the bank for RE-Generation and the Asian Professionals Network, two of the firm's employee resource groups.

Société Générale New York, NY
Corporate and Investment Banking
Technology Analyst Intern *June 2023 – August 2023*

- Built the service platform that prime brokerage teams in the United States and United Kingdom use to track the commitments they make to clients, replacing a spreadsheet-and-email process across two regions.

Banach Technologies Remote
Quantitative Analyst Intern *October 2022 – May 2023*

- Built and tested an AI trading model for cryptocurrency markets that learns from its own simulated trades.

Pfizer Groton, CT
Software Engineering Intern *June 2022 – August 2022*

- Equipped small-molecule research scientists and their managers with a single daily view of research progress, replacing manual data handoffs and giving teams better tools for collaboration.

EDUCATION

University of Illinois at Urbana-Champaign Urbana-Champaign, IL
Bachelor of Science, Computer Science + Economics; GPA 3.81 *August 2020 – May 2024*

- Course Assistant and Economics Tutor: Led weekly computer science lab sections and tutored undergraduates.
- Founder, Squash Club (organized interschool tournament and Club Nationals run); Economics Club; Crossword Club.

PERSONAL INTERESTS

- **Investing:** Trade prediction markets, where people bet on real-world outcomes, applying the same diversification and position-sizing principles used to build a stock portfolio.
- **Competitive Sports:** Club squash player, 3.5 rating; chess player since childhood, FIDE rating 1564.
- **Chronic Skill Builder and Class Taker:** Most recently boxing, trapeze, bachata, rug tufting, croissant baking in Paris, and flying a plane over Chicago.
- **Languages:** Fluent in English and Hindi; basic French.
